Premium Epoxy Tile Grouts

Hygienic, hard-wearing, Impervious, epoxy resin-based grout with a high degree of resistance to chemical attack, abrasion and impact. The cured grout does not transfer taints to foodstuffs, does not permit the entry of bacteria or dirt and is easily maintained in a sterile condition.

Epoxy Tile Grouts Mixing & Application

Mix resin & hardener together 9:1 ratio

Pre grout the joint

Forcing grout deep into grout joint

Clean off with water and by scrubber

Finish off with a clean sponge
